

# Introducing Betto

Your all new habit tracker  
application

## Why bother try it?

Are you tired of feeling like you're always playing catch-up with your goals and habits? Do you struggle to stay accountable and motivated when it comes to building healthy habits?

Say Hi to Betto, our new Habit Tracker app - your personal tool for tracking progress, staying on target, and achieving your goals! With easy-to-use features and customizable options, you'll be able to track your habits and make meaningful progress towards the life you want. Say goodbye to the stress and frustration of habit-building, and hello to a happier, healthier you with our Habit Tracker app.

Here are 4 technical reasons why Betto should be your habit new Habit Tracker app.

# **Simplify your interaction**

Betto is made for simple minds, a simple yet powerful tool for interacting with users. The app relies, mostly, on select menus to obtain user input, thereby reducing the risk of unexpected errors due to misspellings or non-existent choices.

# We speak Efficiency

Betto utilizes object-oriented and functional programming concepts to develop habits and employs SQL queries to execute operations instantly on the stored data in our databases. This approach results in lower latency rates and immediate access to modified data.

# Don't track them, we'll.

Betto assists in keeping track of your habits. A habit is considered active if it is incremented at least once within the specified time frame, otherwise, it is considered broken. Each habit operation such as creation, incrementation, edition, reset, or deletion is recorded with a timestamp to help users track them.

# **Complex analysis? We don't sell that here**

Betto assists you in keeping track of your habits and analysing them too. Pandas is powering the data analysis component, one of the best well-know data analysis libraries.

# 2ms Tests winner

4 weeks of user data has been generated for testing purposes, to test both the objects creation, SQL queries for manipulating the database and data frame analysis. These tests were successfully conducted for all the mentioned operations within the matter of 2ms.

# Try it ?

Betto is divided into two primary components: the first part is dedicated to creating and managing habits, while the second part is designed for habit analysis.

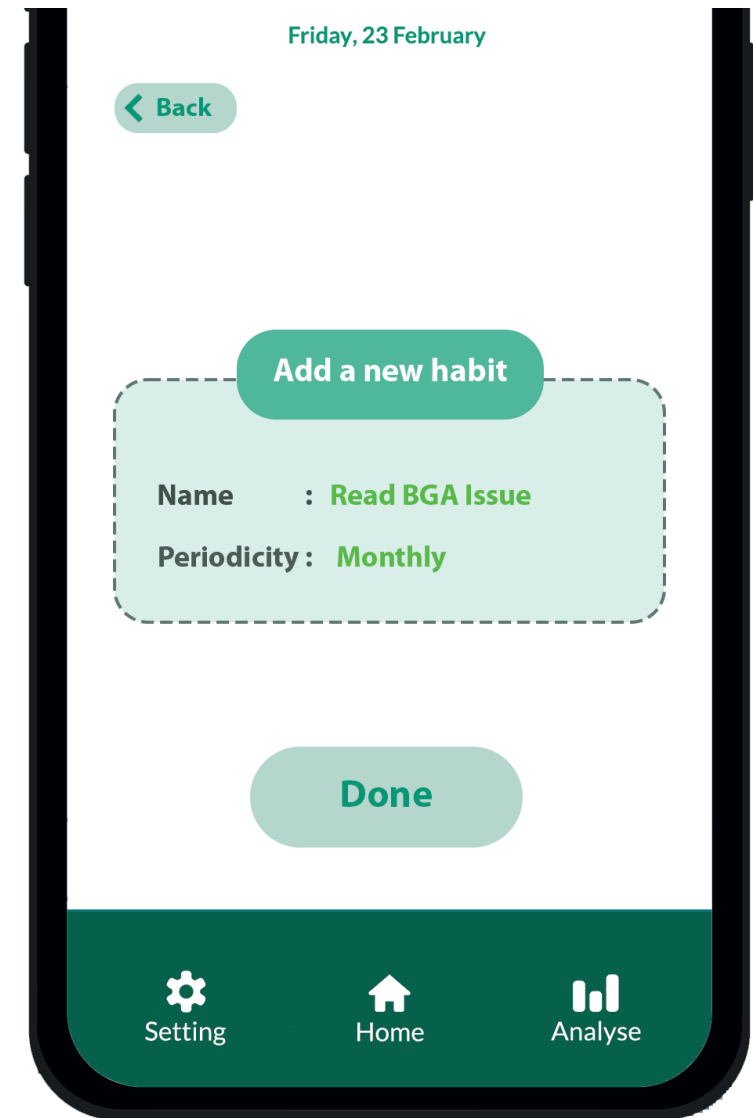

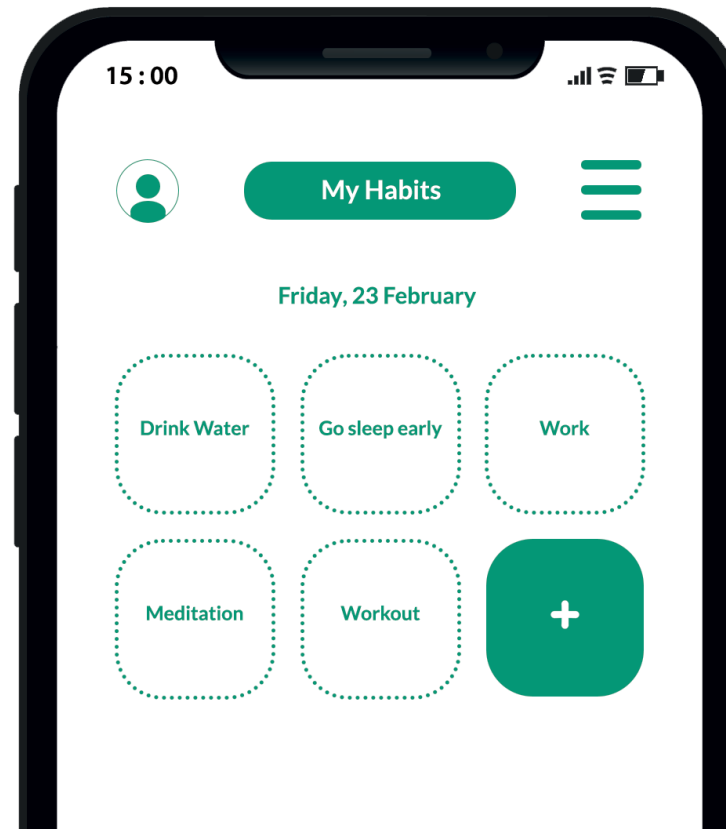

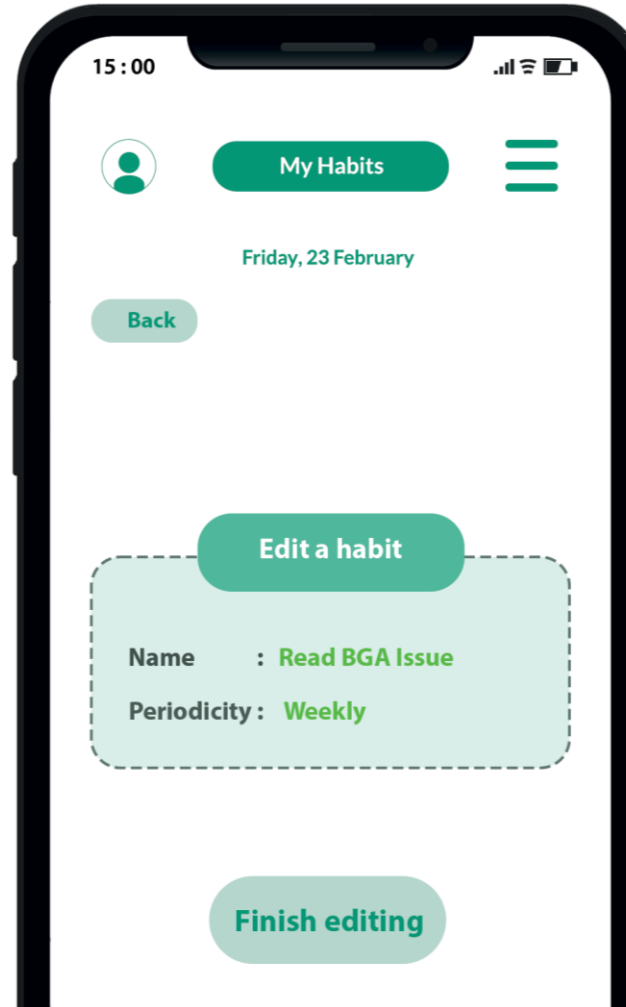

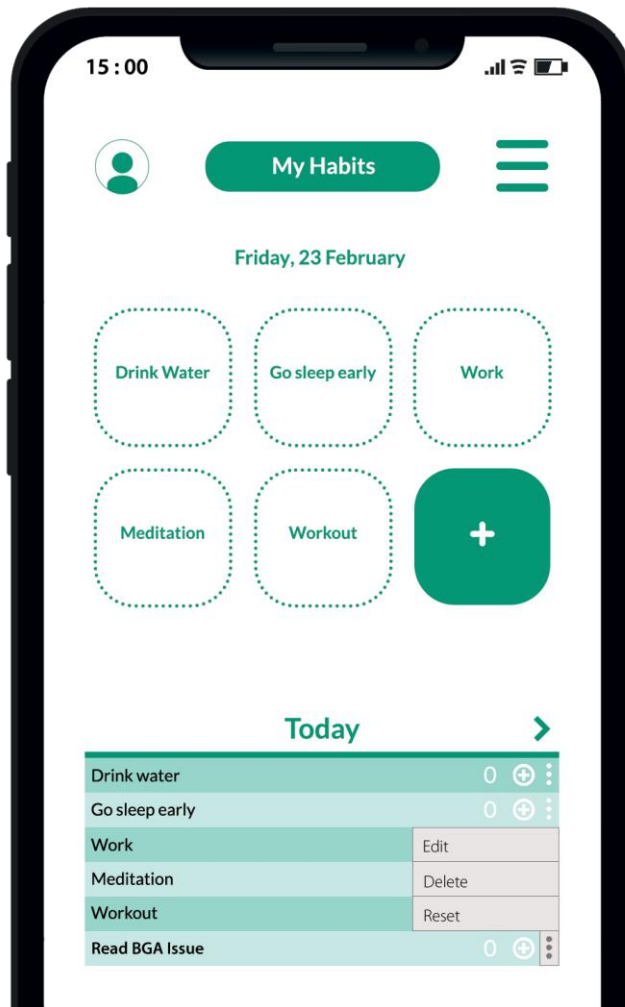

# Let's create your first Habit

You can choose one of the predefined habits or create your own with 3 simple steps.

- Click on (+) button.
- Type in your desired habit.
- Choose a periodicity and you're done.

# Got something wrong?

Did you accidentally mistaken the habit's name or periodicity. Never mind, here's how you can change it.

- Go to your habit
- Click on ( ≡ ) button.
- Choose Edit
- Change what you want and you're done.

# Habit maintained, Habit incremented

You know you've read your BGA issue of the week, let Betto know as well by incrementing your streak.

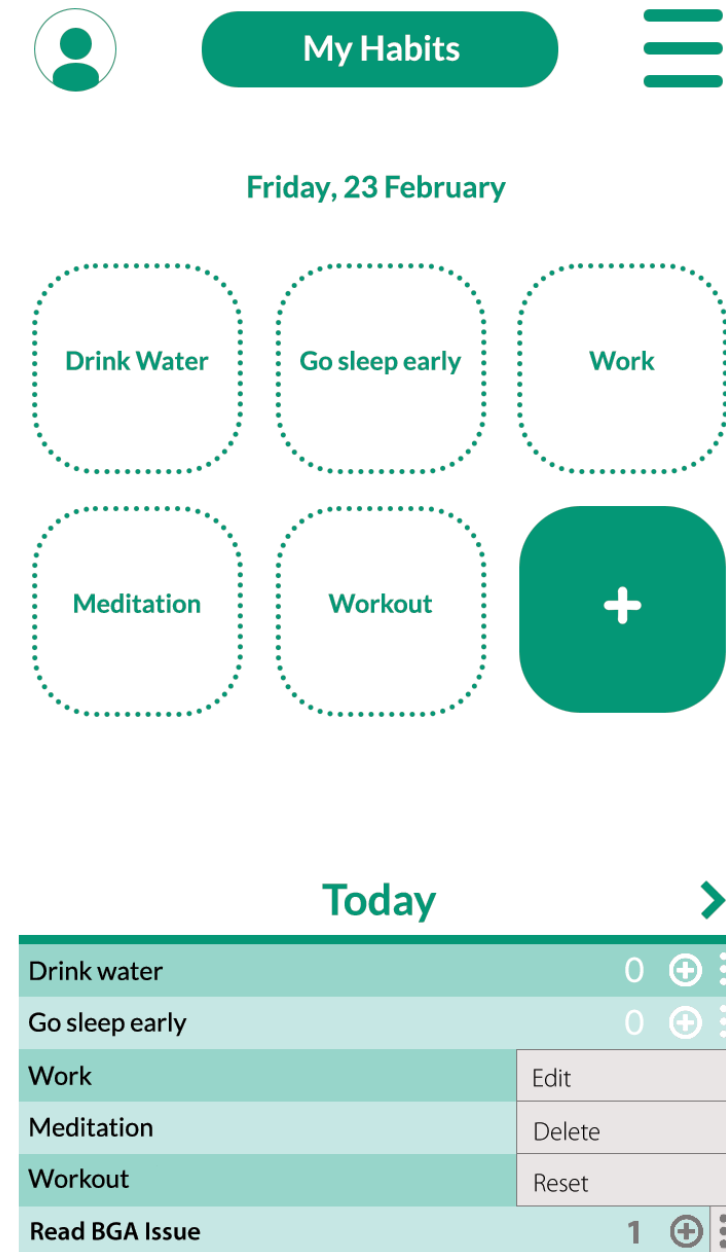

- Go to your habit
- Click on ( + ) button.
- You're 1 point up this week.

# You don't need to be perfect, but PERSISTENT

After a while, You started to increment "Read BGA Issue" without reading it, but you want to start actually do it. Here's how you can reset your streak

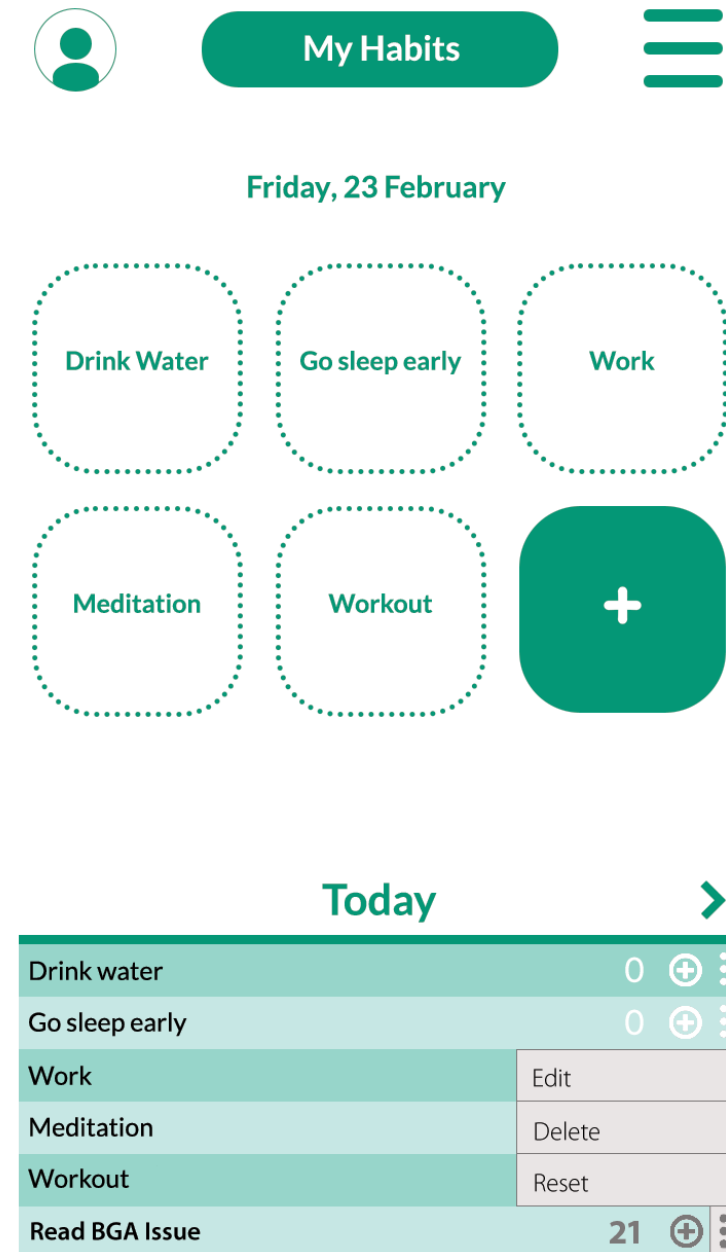

- Go to your habit
- Click on ( ≡ ) button.
- Choose Reset and you're done.

# Life moves on, Move on too

You're no longer interested with the content of this magazine and decided to stop reading their issues. Here's how you can delete this habit.

- Go to your habit
- Click on ( ≡ ) button.
- Choose Delete and you're done.

# Active habits

It's important to list all of your habits to figure out your schedule. Betto helps you with this by listing all in one place.

Betto also runs a daily check to detect broken habits, which were not incremented in the corresponding time range you specify when you set a periodicity.

Analysis

Friday, 23 February

## Active Habits

Do 40 push-ups

Write a to-do list

Wake up a 6 AM

Pay your tuition fees

Gathering of the team

Update your book list

Medical checkup

Watch a movie

Read your mail

Take your girl out

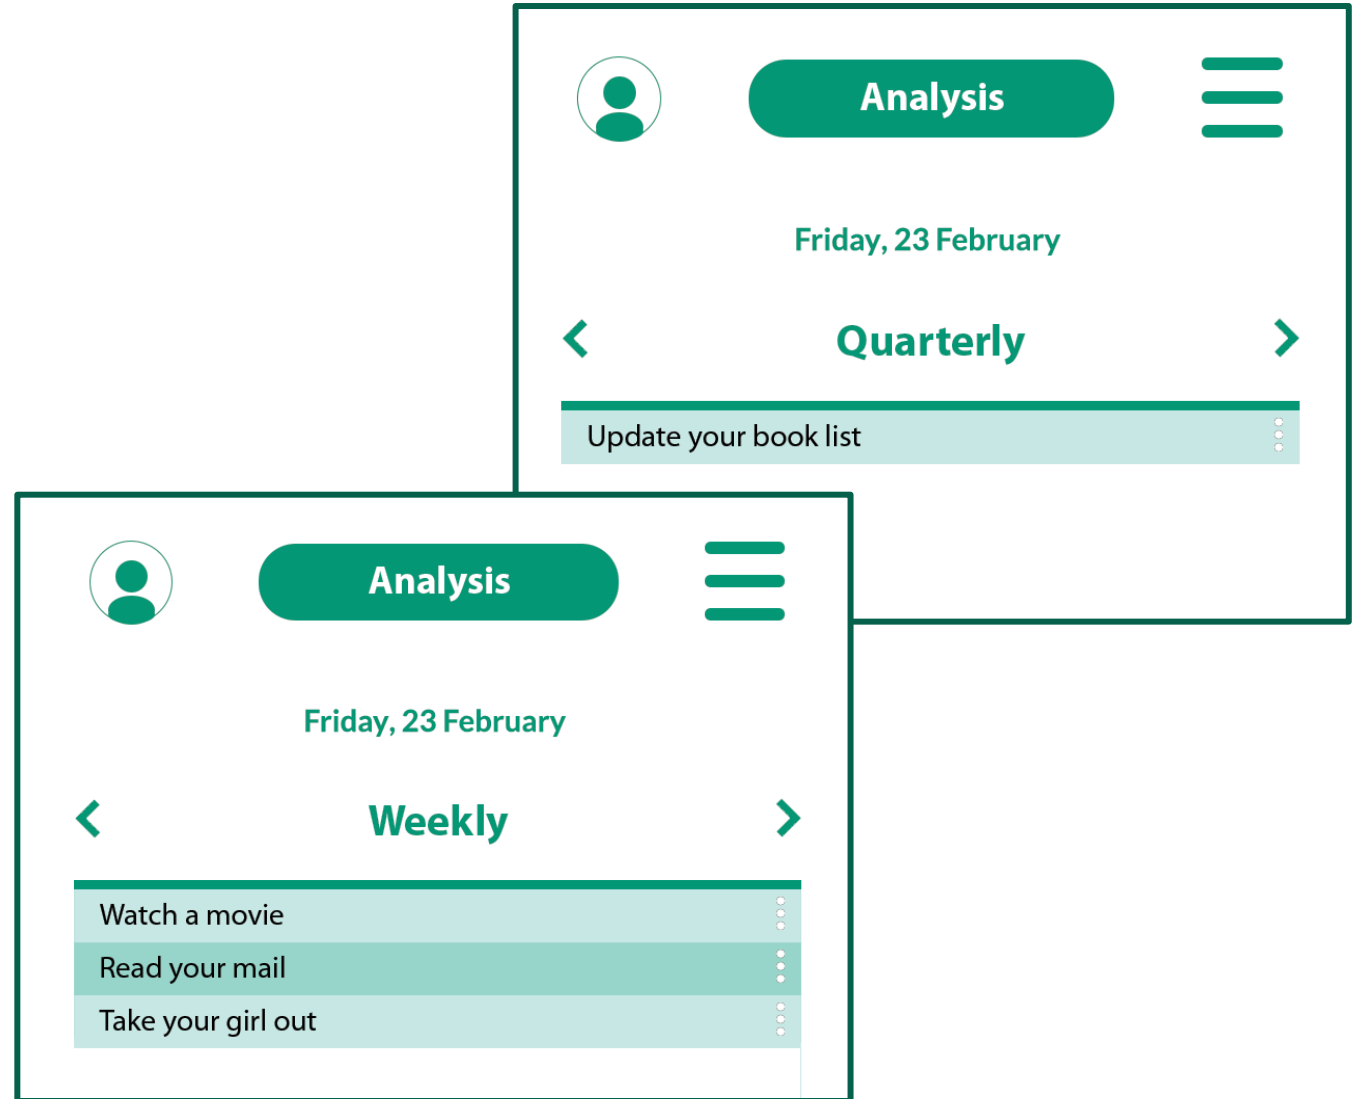

Visit the dentist

# Same periodicity

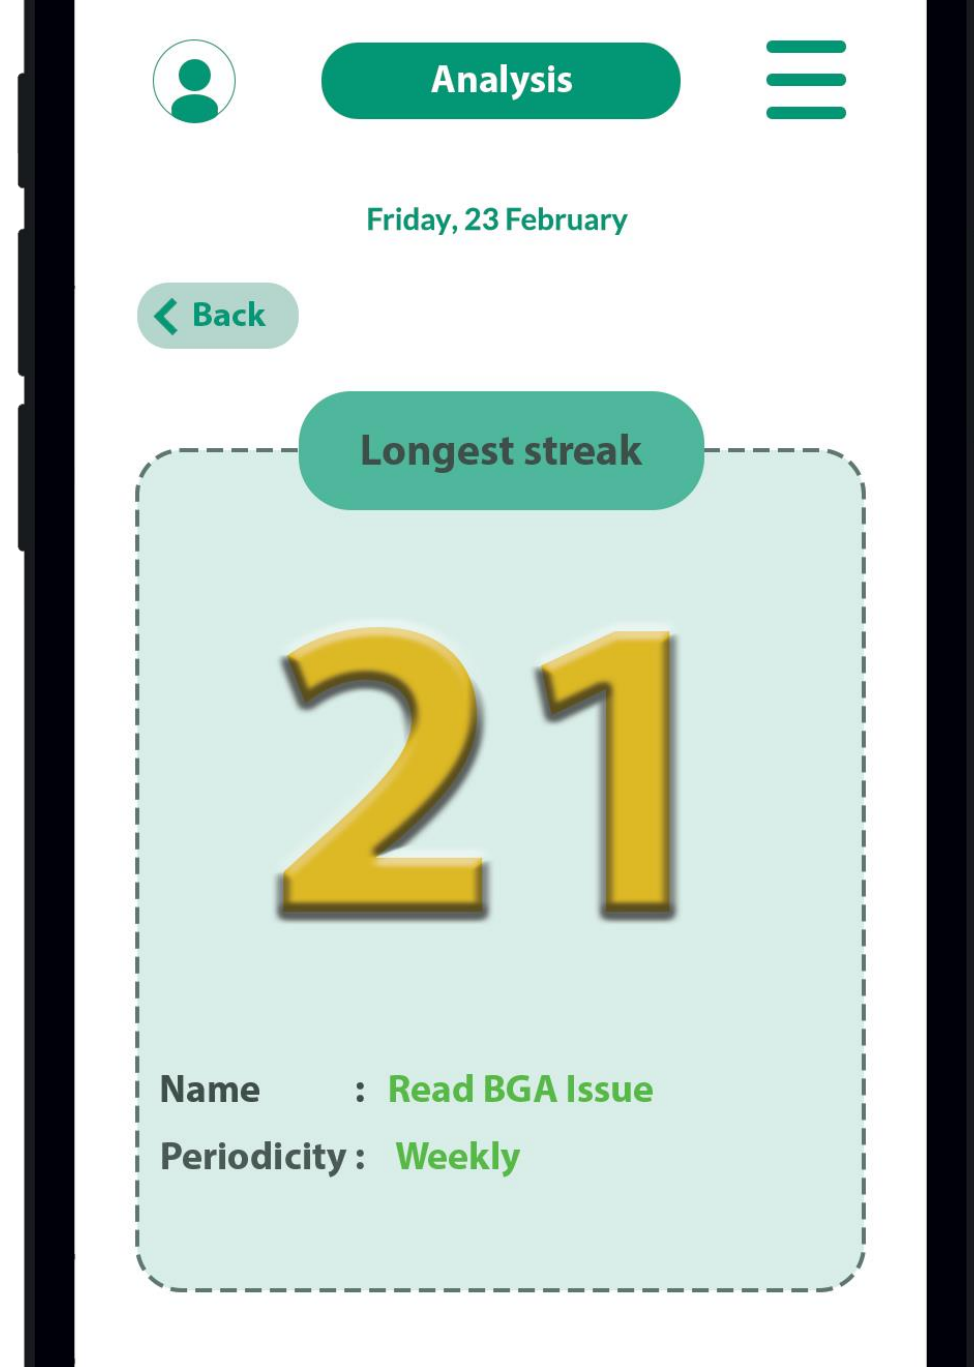

What is most important is to figure out what's your schedule for a given week or even a month. Better sort your habits by periodicity so you can delay updating your book list and hurry up with paying your tuition fees because it's due at the end of the month.

# Longest streak of each habit

Throughout life, you win some and you lose some. It's quite guaranteed that you'll break a habit from time to time, yet there'll be a record of your habit's streak.

Betto shows you the longest streak you reached with each habit.

# Longest streak reached with any habit

Betto also loves to cheer you up, so it'll always show you your highest streak and push you each time to break it and set a new record.
